Material Changes

Material Changes Since the Last Update

Since the last update to this brochure, the following material changes have been made:

- On August 31, 2023, funds affiliated with Clayton, Dubilier & Rice, LLC (“CD&R”) and Stone Point Capital LLC (“Stone Point”) completed an acquisition of Focus Financial Partners Inc. (“Focus Inc.”). This transaction resulted in funds affiliated with CD&R collectively becoming majority owners of Focus Inc. and funds affiliated with Stone Point collectively becoming owners of Focus Inc. Because Ancora Retirement Plan Advisors, LLC is an indirect, wholly-owned subsidiary of Focus Inc., the CD&R and Stone Point funds are indirect owners of Ancora Retirement Plan Advisors, LLC. Items 4 and 10 have been revised to reflect this new ownership structure.
- We help our clients obtain certain insurance solutions from unaffiliated, third-party insurance brokers by introducing clients to our affiliate, Focus Risk Solutions, LLC (“FRS”). FRS is compensated by sharing in the upfront and/or ongoing commissions earned by such third-party insurance brokers. The amount of insurance commission revenue earned by FRS is considered for purposes of determining the amount of additional compensation that certain of our financial professionals are entitled to receive. Further information on this conflict of interest is available in Items 4, 5 and 10 of this Brochure.

This Brochure, dated September 1, 2023 replaces our Form ADV Part 2A dated December 31, 2022.

Advisory Business

Firm Description

Ancora Retirement Plan Advisors LLC (RPA) is a registered investment advisor with the SEC.

RPA service(s) are primarily providing retirement plan investment guidance or investment management for small and midsize employer sponsored retirement plans.

Principal Owners

FOCUS FINANCIAL PARTNERS, LLC

Ancora Retirement Plan Advisors, LLC is part of the Focus Financial Partners, LLC (“Focus LLC”) partnership. Specifically, Ancora Retirement Plan Advisors, LLC is a wholly-owned subsidiary of Focus Operating, LLC (“Focus Operating”), which is, directly and indirectly, a wholly-owned subsidiary of Focus LLC. Focus Financial Partners Inc. (“Focus Inc.”) is the sole managing member of Focus LLC and has 100% of its governance rights. Accordingly, all governance is conducted through the voting rights and the Board of Directors at Focus Inc. Focus Inc. is the managing member of and owns, directly and indirectly, approximately 99% of the economic interests in Focus LLC. Focus Inc. is majority-owned, indirectly, and collectively, by funds affiliated with Clayton, Dubilier & Rice, LLC (“CD&R”). Funds affiliated with Stone Point Capital LLC (“Stone Point”) are indirect owners of Focus Inc. Because Ancora Retirement Plan Advisors, LLC is an indirect, wholly-owned subsidiary of Focus Inc., CD&R and Stone Point funds are indirect owners of Ancora Retirement Plan Advisors, LLC. Focus LLC also owns other registered investment advisers, broker-dealers, pension consultants, insurance firms, business managers and other firms (the “Focus Partners”), most of which provide wealth management, benefit consulting and investment consulting services to individuals, families, employers, and institutions. Some Focus Partners also manage or advise limited partnerships, private funds, or investment companies as disclosed on their respective Form ADVs. RPA is managed by (“RPA Principals”), pursuant to a management agreement between Terza Partners, LLC and RPA. The RPA Principals serve as officers and leaders of RPA and, in that capacity, are responsible for the management, supervision and oversight of RPA.

Retirement Plan Services

RPA works with Retirement Plans to provide investment guidance or investment management for employer sponsored retirement plans.

In its capacity as an investment adviser, RPA acts as a Co-Fiduciary of the Plan under Section 3(21) of the Employee Retirement Income Security Act (“ERISA”) by providing non-discretionary investment advice for the purposes of selecting, monitoring, and changing the investment alternatives of the Plan. Clients retain control and discretion pertaining to final investment decisions. Additional Plan related services may be provided by RPA as agreed upon by the Client.

In its capacity as an investment manager, RPA acts as a Fiduciary of the Plan under Section 3(38) of ERISA by providing discretionary investment decisions for the purpose of selecting, monitoring, and changing the investment alternatives of the Plan. RPA assumes control and discretion over investment decisions. Additional Plan related services may be provided by RPA as agreed upon by the Client.

The Ancora MEP was established by The Ancora Group. The Ancora Group's retirement plan elects to include Ancora's proprietary mutual funds in the investment options for its employees (participants). Plans that adopt the Ancora MEP will not have Ancora's proprietary mutual funds or private fund offerings available in their investment options for participants.

RPA is a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA") with respect to investment management services and investment advice provided to ERISA plan clients, including ERISA plan participants. RPA is also a fiduciary under the Internal Revenue Code (the "IRC") with respect to investment management services and investment advice provided to ERISA plans, ERISA plan participants, IRAs and IRA owners (collectively, "Retirement Account Clients"). As such, RPA is subject to specific duties and obligations under ERISA and the IRC that include, among other things, prohibited transaction rules which are intended to prohibit fiduciaries from acting on conflicts of interest. When a fiduciary gives advice in which it has a conflict of interest, the fiduciary must either avoid or eliminate the conflict or rely upon a prohibited transaction exemption (a "PTE").

As a fiduciary, we have duties of care and of loyalty to you and are subject to obligations imposed on us by the federal and state securities laws. As a result, you have certain rights that you cannot waive or limit by contract. Nothing in our agreement with you should be interpreted as a limitation of our obligations under the federal and state securities laws or as a waiver of any unwaivable rights you possess.

Fee Billing

Clients may grant RPA the authority to have advisory fees automatically deducted from the Plan's accounts held by the custodian and paid directly to RPA. This is done by electing that option in the Retirement Plan Agreement. Should a Client not elect to pay fees from Plan assets, a quarterly invoice will be sent to the Client with payment instructions. Clients that retain RPA after the beginning of a quarter will be charged a prorated fee for services at the end of the quarter. RPA does not require any prepayment of fees.

Other Fees and Charges

Our fees are separate from charges assessed by third parties such as broker dealers, custodians, and mutual fund companies. Brokerage and other transaction costs charged by broker dealers executing transactions and custodians maintaining the Plan assets are in addition to the advisory fees and are not

negotiable. Plan participants that hold mutual funds in their accounts will also pay investment management fees and/or administrative fees. These fees are paid to the managers of the fund for their role in managing the fund(s) on a daily basis. Mutual funds and or other platforms charge will assess other fees and expenses such as 12b-1 fees or commissions in connection with the placement of the funds.

Other Services

We offer clients the option of obtaining certain financial solutions from unaffiliated third-party financial institutions with the assistance of our affiliate, Focus Treasury & Credit Solutions, LLC (“FTCS”). FTCS does not receive any compensation from such third-party institutions for serving our clients. Further information on this conflict of interest is available in Item 10 of this Brochure.

We help our clients obtain certain insurance solutions from unaffiliated, third-party insurance brokers by introducing clients to our affiliate, Focus Risk Solutions, LLC (“FRS”), a wholly owned subsidiary of our parent company, Focus Financial Partners, LLC. FRS has arrangements with certain third-party insurance brokers (the “Brokers”) under which the Brokers assist our clients with regulated insurance sales activity. If FRS refers one of our clients to a Broker and there is a subsequent purchase of insurance through the Broker, then FRS will receive a portion of the upfront and/or ongoing commissions paid to the Broker by the insurance carrier with which the policy was placed. The amount of revenue earned by FRS for the sale of these insurance products will vary over time in response to market conditions. The amount of insurance commission revenue earned by FRS is considered for purposes of determining the amount of additional compensation that certain of our financial professionals are entitled to receive. The amount of revenue earned by FRS for a particular insurance product will also differ from the amount of revenue earned by FRS for other types of insurance products. Further information on this conflict of interest is available in Item 10 of this Brochure.

Termination of Advisory Services

Either party may terminate the Retirement Plan Advisory Agreement upon thirty (30) days prior written notice to the other party. Upon the effective date of termination, RPA will have no further obligation under the Agreement to act or advise Client with respect to services under this agreement.

Additional Compensation

RPA does not receive any additional direct compensation from retirement plans clients other than the management fee. Employees of RPA that are registered with the Ohio Department of Insurance may earn additional compensation for sales and referrals of insurance products.

Types of Clients

Description

RPA service(s) are primarily providing retirement plan investment guidance or investment management for small and midsize employer sponsored retirement plans.

Account Minimums

RPA does not impose a minimum for retirement plans, including start up Plans.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis and Investment Strategies

RPA uses risk tolerance questionnaires, Plan profile forms and Client interviews to create a customized profile for each Plan. This profile is used to determine the type of investments, risk associated with certain types of investments and the proper allocation of investments in order to create a custom recommendation for each Plan.

Risk of Loss

Investing in securities involves risk of loss that Clients should be prepared to bear. Investment values will fluctuate both up and down, are subject to market volatility, and may be worth more or less than the original cost. All securities involve risk of the loss of principal. In addition, while we believe our methodology and strategies will be profitable, there is no assurance this will always be the case.

While a brokerage account may allow margin transactions, RPA does not recommend the use of margin. RPA wants our Clients to understand the risks of margin transactions and recommend that they read the broker dealer's written disclosure document describing margin trading and related risks.

Retirement Plan accounts are not eligible for margin transactions.

Cybersecurity

The computer systems, networks and devices used by RPA and service providers to us and our clients to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized, systems, networks, or devices potentially can be breached. A client could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may

cause disruptions and impact business operations, potentially resulting in financial losses to a client; impediments to trading; the inability by us and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which a client invests; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, and other financial institutions; and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

Other Financial Industry Activities and Affiliations

Broker-dealer or Registered Representative

RPA is affiliated with Inverness Securities Inc., a FINRA member broker dealer through common ownership. Some employees may be registered representatives of Inverness Securities. No non-directed orders are placed through Inverness Securities, Inc.

Material Relationships or Arrangements with Financial Industry

RPA is affiliated with its parent company Ancora Holdings Group LLC who owns three additional registered investment advisers with the United States Securities and Exchange Commission; Ancora Advisors, LLC, Ancora Alternatives, LLC, and Ancora Family Wealth Advisors, LLC. In addition, it owns two insurance agencies: Ancora Insurance Solutions LLC and Inverness Securities LLC. Inverness Securities is a FINRA & SIPC member broker dealer. These entities are considered affiliated through common ownership. Ancora Advisors is the majority owner of RPA.

Ancora Advisors LLC serves as investment manager for the Ancora Trust (also known as the Ancora Family of Mutual Funds). Ancora Advisors' investment managers serve as portfolio managers for the Ancora Income Fund, Ancora/Thelen Small-Mid Cap Fund, Ancora MicroCap Fund and Ancora Divided Value Fund. In addition, Ancora Advisors' staff members serve as officers and/or provide services to the Ancora Trust. Ancora Alternatives LLC serves as the General Partner and investment manager to Ancora's Private Funds and it registered with the Commodity Future Trading Commission as part of the services it performs for Ancora's Commodity Fund. The private fund entities are investment partnerships. Insurance services are offered through affiliate Ancora Insurance Solutions.

As noted above in response to Item 4, certain funds affiliated with CD&R collectively are indirect majority owners of Focus Inc., and certain funds affiliated with Stone Point are indirect owners of Focus Inc. Because Ancora Retirement Plan Advisors, LLC is an indirect, wholly-owned subsidiary of Focus Inc., CD&R and Stone Point investment vehicles are indirect owners of Ancora Retirement Plan Advisors, LLC.

Recommend or Select Other Investment Advisers

If a Client's needs are more suited for a product or service offered by affiliates of RPA, we may refer the Client to those respective firms to meet the Client's investment needs.

Other Services

Focus Treasury & Credit Solutions

We offer clients the option of obtaining certain financial solutions from unaffiliated third-party financial institutions with the assistance of our affiliate, Focus Treasury & Credit Solutions, LLC ("FTCS"), a wholly owned subsidiary of our parent company, Focus Financial Partners, LLC. These third-party financial institutions are banks and non-banks (the "Network Institutions") that offer credit and cash management solutions to our clients. Certain other unaffiliated third parties provide administrative and settlement services to facilitate FTCS's cash management solutions. FTCS acts as an intermediary to facilitate our clients' access to these credit and cash management solutions.

Neither we nor FTCS receives any compensation from the Network Institutions or any other third parties for providing credit or cash management solutions to our clients. For services provided by FTCS to clients of other Focus firms, FTCS receives a portion of the revenue earned by the Network Institutions, and such compensation to FTCS is also revenue for our common parent company, Focus Financial Partners, LLC. However, this compensation to FTCS does not come from credit or cash management solutions provided to any of our clients. The volume generated by our clients' transactions does benefit FTCS and Focus in attracting, retaining, and negotiating with Network Institutions. We mitigate this conflict by: (1) fully and fairly disclosing the material facts concerning the above arrangements to our clients, including in this Brochure; and (2) offering FTCS solutions to clients on a strictly nondiscretionary and fully disclosed basis, and not as part of any discretionary investment services. Additionally, we note that clients who use FTCS's services

will receive product-specific disclosure from the Network Institutions and other unaffiliated third-party intermediaries that provide services to our clients.

We have an additional conflict of interest when we recommend FTCS to provide credit solutions to our clients because our interest in continuing to receive investment advisory fees from client accounts gives us a financial incentive to recommend that clients borrow money rather than liquidating some or all of the assets we manage.

Credit Solutions from FTCS

For FTCS credit solutions, the interest rate of the loan is ultimately determined by the lender, although in some circumstances FTCS may have the ability to influence the lender to lower the interest rate of the loan. The final rate may be higher or lower than the prevailing market rate. We can offer no assurances that the rates offered to you by the lender are the lowest possible rates available in the marketplace.

Clients retain the right to pledge assets in accounts generally, subject to any restrictions imposed by clients' custodians. While the FTCS program facilitates secured loans through Network Institutions, clients are free instead to work directly with institutions outside the FTCS program. Because of the limited number of participating Network Institutions, clients may be limited in their ability to obtain as favorable loan terms as if the client were to work directly with other banks to negotiate loan terms or obtain other financial arrangements.

Clients should also understand that pledging assets in an account to secure a loan involves additional risk and restrictions. A Network Institution has the authority to liquidate all or part of the pledged securities at any time, without prior notice to clients and without their consent, to maintain required collateral levels. The Network Institution also has the right to call client loans and require repayment within a short period of time; if the client cannot repay the loan within the specified time period, the Network Institution will have the right to force the sale of pledged assets to repay those loans. Selling assets to maintain collateral levels or calling loans may result in asset sales and realized losses in a declining market, leading to the permanent loss of capital. These sales also may have adverse tax consequences. Interest payments and any other loan-related fees are borne by clients and are in addition to the advisory fees that clients pay us for managing assets, including assets that are pledged as collateral. The returns on pledged assets may be less than the account fees and interest paid by the account. Clients should consider carefully and skeptically any recommendation to pursue a more aggressive investment strategy in order to support the cost of borrowing, particularly the risks and costs of any such strategy. More generally, before borrowing funds, a client should carefully review the loan agreement, loan application, and other forms and determine that the loan is consistent with the client's long-term financial goals and presents risks consistent with the client's financial circumstances and risk tolerance.

Cash Management Solutions from FTCS

For FTCS cash management solutions, as stated above, certain third-party intermediaries provide administrative and settlement services in connection with the program. Those intermediaries each charge a fixed basis point fee on total deposits in the program. Before any interest is paid into client accounts, the Network Institutions and certain unaffiliated third-party service providers take their fees out, and the net interest is then credited to clients' accounts. Engaging FTCS, the Network Institutions, and these other intermediaries to provide cash management solutions does not alter the manner in which we treat cash for billing purposes.

Clients should understand that in rare circumstances, depending on interest rates and other economic and market factors, the yields on cash management solutions could be lower than the aggregate fees and expenses charged by the Network Institutions, the intermediaries referenced above, and us. Consequently, in these rare circumstances, a client could experience a negative overall investment return with respect to those cash investments. Nonetheless, it might still be reasonable for a client to participate in the FTCS cash management program if the client prefers to hold cash at the Network Institutions rather than at other financial institutions (e.g., to take advantage of FDIC insurance).

Focus Risk Solutions

We help clients obtain certain insurance products from unaffiliated insurance companies by introducing clients to our affiliate, Focus Risk Solutions, LLC (“FRS”), a wholly owned subsidiary of our parent company, Focus Financial Partners, LLC (“Focus”). FRS acts as an intermediary to facilitate our clients’ access to insurance products. FRS has agreements with certain third-party insurance brokers (the “Brokers”) under which the Brokers assist our clients with regulated insurance sales activity.

If FRS refers one of our clients to a Broker and there is a subsequent purchase of insurance through the Broker, FRS will receive a portion of the upfront and/or ongoing commissions paid to the Broker by the insurance carrier with which the policy was placed. The amount of revenue earned by FRS for the sale of these insurance products will vary over time in response to market conditions. The amount of insurance commission revenue earned by FRS is considered for purposes of determining the amount of additional compensation that certain of our financial professionals are entitled to receive. The amount of revenue earned by FRS for a particular insurance product will also differ from the amount of revenue earned by FRS for other types of insurance products. This revenue is also revenue for our and FRS’s common parent company, Focus. Accordingly, we have a conflict of interest when recommending FRS’s services to clients because of the compensation to certain of our financial professionals and to our affiliates, FRS, and Focus. We address this conflict by: (1) fully and fairly disclosing the material facts concerning the above arrangements to our clients, including in this Brochure; and (2) offering FRS solutions to clients on a strictly nondiscretionary and fully disclosed basis, and not as part of any discretionary investment services. Additionally, we note that clients who use FRS’s services will receive product-specific disclosure from the Brokers and insurance carriers and other unaffiliated third-party intermediaries that provide services to our clients.

The insurance premium is ultimately dictated by the insurance carrier, although in some circumstances the Brokers or FRS may have the ability to influence an insurance carrier to lower the premium of the policy. The final rate may be higher or lower than the prevailing market rate, and may be higher than if the policy was purchased directly through the Broker without the assistance of FRS. We can offer no assurances that the rates offered to you by the insurance carrier are the lowest possible rates available in the marketplace.

The level of each Client's review is determined by the services agreed upon by the Client consistent with ERISA section 3(21) or 3(38) and the regulations thereunder.

The review consists of the following fiduciary services (unless otherwise agreed upon by the Client):

- Non-discretionary investment advice in accordance with the Plan's investment policies and objectives.

- Advise on selection of investment options consistent with ERISA section 404(c) and the regulations thereunder.

Our Retirement Plan Advisors conduct Client reviews throughout the year; therefore, investment options are continuously monitored. When any investment option fails to meet RPA performance criteria, that option is considered for replacement. Plans offering that same investment option are then reviewed.

Regular Reports

The Plan's selected broker dealer, custodian or recordkeeper sends account statements at least quarterly, but usually monthly. These statements show money balances, securities held in the account, investment values and transaction activity for each participant. RPA encourages our Clients participants to review their brokerage, custodian or recordkeeper statement and contact RPA regarding any issue.

These meetings are first and foremost intended to provide training or

education to personnel of Focus firms, including RPA. However, the meetings do provide sponsorship opportunities for asset managers, asset custodians, vendors and other third-party service providers. Sponsorship fees allow these companies to advertise their products and services to Focus firms, including RPA. Although the participation of Focus firm personnel in these meetings is not preconditioned on the achievement of a sales target for any conference sponsor, this practice could nonetheless be deemed a conflict as the marketing and education activities conducted, and the access granted, at such meetings and conferences could cause RPA to focus on those conference sponsors in the course of its duties. Focus attempts to mitigate any such conflict by allocating the sponsorship fees only to defraying the cost of the meeting or future meetings and not as revenue for itself or any affiliate, including RPA. Conference sponsorship fees are not dependent on assets placed with any specific provider or revenue generated by such asset placement. A list of entities that have provided conference sponsorship to Focus from January 1, 2021 to November 1, 2022 can be accessed on Focus' website through the following link: <https://focusfinancialpartners.com/conference-sponsors/>
